See Raymour & Flannigan Pics for dimensions and better representation of the gray color. My pics had poor lighting. Set sells for over \$2300 now. Was only used for 1.5 years. Very comfortable, I used to fall asleep too quickly in the Recliner! Smoke free home. Love Seat has just a tiny bit of damage in the red circled area where the cats clawed it before I got it covered. It stayed continuously covered after the first week. Must pickup, no delivery. Cross posted.
